Inspection Logo:

Subject Area of Accreditation:

The performing of field inspections and the application of approval labels on electrical equipment and systems in accordance with all of the following:

As identified in the scope of CSA SPE-1000-09 Model Code for the field evaluation of electrical equipment, but excluding

- (a) wire and cable products;
- (b) wiring devices;
- (c) equipment for use in hazardous locations;
- (d) medical electrical equipment and systems;
- (e) components* that will require further evaluation as part of a complete assembly, such as switches, relays, and timers;
- (f) equipment rated more than 46 kV; and
- (g) any equipment that is not permitted to be field evaluated as directed by an AHJ (such as air-cleaning equipment that intentionally produces ozone).

*Special inspection/field evaluation only applies to equipment that is capable of being connected to the supply in accordance with the Canadian Electrical Code, Part I.
